DELEGATION OF AUTHORITY TO LEASE PERSONAL PROPERTY

1. In accordance with authority vested in me by Delegation of Authority SARDA 84-4, dated 7 August 1984, I hereby delegate to the FORSCOM Principal Assistant Responsible for Contracting, without authority to redelegate further, the authority to lease personal property under control of the Department of the Army, not for the time needed for the public use, and not excess property (as defined by Title 40, United States Code, Section 472), which will promote the national defense or be in the public interest upon the terms stated in paragraph 2 below.

2. Each lease under this delegation:

a. May not be for more than five years;

b. Shall permit the Secretary of the Army to revoke the lease at any time;

c. Shall, with regard to all property subject to Part 45 of the Federal Acquisition Regulation and DOD FAR Supplement, be governed by the provisions thereof. With regard to all other personal property, each lease shall provide that the lessee will pay a fair monetary rental. Fair monetary rental shall be computed in accordance with sound commercial accounting practices for the fixing of rental on such property including a return on capital investment and administrative cost as well as depreciation. Single or multiple shift operations as proposed by the lessee will be considered in establishing fair monetary rental. The rental shall, in any event, be such as to prevent the lessee from obtaining an unfair competitive advantage over competitors by reason thereof;

d. Shall provide that the lessee shall bear the expense of removing, packing, and shipping of the leased property and also the expenses of returning and reinstalling the property or processing it for extended storage upon expiration or termination of the lease;

AFLG-PR

DELEGATION OF AUTHORITY TO LEASE PERSONAL PROPERTY

e. Shall provide that the lessee will maintain the leased property in good operating condition and will return it upon the expiration or termination of the lease in as good condition as that existing at the commencement thereof, as subsequently improved, or as it should have been improved under the terms of tolerance limits. However, leases of railway equipment may provide for assumption of maintenance responsibility by the lessor, provided also that mileage earnings shall be retained by the Government;

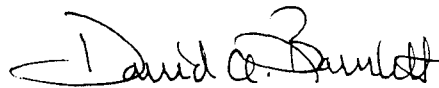

f. Shall provide that the lessee will make no changes or alterations in the leased property except with the consent of the Government;

g. Shall provide that, if and to the extent that the leased property is later made taxable by state and local governments under an act of Congress, the lease shall be renegotiated; and

h. Shall recite that it is executed under the authority of Title 10, United States Code, Section 2667.

3. Lease of personal property not conforming to the terms above shall, prior to execution, be submitted to the Assistant Secretary of the Army (Research, Development, and Acquisition) for approval.

4. This delegation supersedes Delegation of Authority, Headquarters Forces Command, 3 August 1995.
